RECYCLING BINS | ORGANIC WASTE BINS AND CARTS | COMPOST BIN | RAIN BARREL

2016 ENVIRONMENTAL PRODUCTS

ORGANICS CONTAINERS AND HOME CONSERVATION

Organic Waste | Glass, Plastic and Metal Separation | Rain Collection

ORBIS offers environmental products for home, commercial and office recycling. Wheeled carts are ideal for any home and community composting program. Kitchen collectors are used to accumulate kitchen organic waste. Rugged compost bins and rain barrels are available for home use. Designed for easy handling and cleaning, all environmental products are available in post-consumer recycled materials and are available in a variety of standard and custom colors. The Earth Machine® is a durable backyard compost bin designed to compost food and yard waste, effectively diverting it from landfills. The SYSTEMN Rain Barrel can lower municipal water demands and save energy at water treatment facilities by reducing water pollution and storm water runoff.

Optional telescopic handle

GREEN BIN2

- 12 gallon capacity - up to 40 lbs.
- 360° double rim closure and secure front latch eliminates spills and traps odors
- 270° throw back lid stays open while emptying
- Recessed wheels for easy transport
- Wide bottom grip for easy emptying
- Optional hot stamping available and RFID ready

GREENBIN+

- Secure 360° double rim, snap tight lid keeps pests out
- Ergonomic side handles for easy curb transport
- Cornerless, smooth interior walls for ease of cleaning
- Designed for automated and semi-automated collection

RECYCLING CONTAINERS

Organic Waste | Glass, Plastic and Metal Separation | Rain Collection

Choose from ORBIS curbside recycling bins. These industry leading bins have been preferred by municipalities across North America for decades. Bins can be hot-stamped with logos or other artwork. All environmental products are available in post-consumer recycled materials and in a variety of standard and custom colors. Stack and nest recycling containers stack when full and nest when empty. The hopper design makes it ideal for recyclable separation in homes, offices or plants.

ENVIRONMENTAL PRODUCTS FROM ORBIS

Plastic bins, carts and composters help communities, businesses and institutions improve their recycling rates and reduce the amount of waste going to landfills.

Choose from ORBIS curbside collection recycling boxes, organic recycling bins, the SYSTEMN Rain Barrel and the Earth Machine™ Backyard Compost Bin to improve recycling rates, conserve natural resources and help the environment. These products have been preferred by municipalities and haulers in the United States, Canada and beyond for decades.

ORBIS understands how recycling and diversion programs work. ORBIS helps communities, businesses and institutions meet their waste diversion goals while improving the health of the planet we all care about.
